NON-PROTECTIVE

These caskets are not designed by the manufacturers to resist the entrance of air, moisture, and other outside elements. They may be constructed of metal, hardwood or wood-products, or wood covered with fabric.

There is no scientific or other evidence that any casket with a sealing device will preserve human remains.

DEFINITIONS OF SIMPLE SERVICES

We endeavor to ensure that we always provide affordable and low-cost options for the families of our community. A “*Direct Cremation*” is a cremation without service, ceremony, embalming, viewing, visitation, or witnessing of the cremation by the family. An “*Immediate Burial*” is the burial of a casketed body without embalming, preparation, viewing, visitation, or witnessing of the burial by the family. We price our Direct Cremation and Immediate Burial options based on the definitions and limitations above. We are often asked to start with one of these simple service packages, and then add some of the vary things that the definitions above exclude. Any request to add services (embalming, viewing, ID viewing, witness burial or cremation) to the above definition changes the scope of our work and adds time and overhead cost to the services. If this occurs, we must ensure that we collect appropriate amounts to cover the additional time and overhead to accommodate these additional requests bring, as well as to maintain a beautiful and respectful place to care for your loved one. Since the “Direct Cremation” and “Immediate Burial” are packages that include the Basic Service Fee, and have the above defined limitations; and should a family want to add additional services to the low-cost options we make available, please be advised that if you request additional services that would be more closely associated with a traditional type service (dressing, embalming, viewing, use of chapel, clergy to pray over the body, witness of burial or cremation at a specific time and place) then you are effectively changing from a Package based pricing option to an Ala Carte pricing option, and we reserve the right to calculate fees accordingly.

WHY PARK VIEW CEMETERY & FUNERAL HOME?

Park View Cemetery & Funeral Home provides specialized pre-need and at-need planning arrangements from customized traditional services to simplified services, which include minimum graveside services, direct cremation, and/or immediate burial. We offer the services of Cemetery, Funeral Home, Crematory, Flowers, and Monuments, all at one convenient location.

WHY PLAN AHEAD?

Individuals have expressed to us the sense of relief and serenity they have experienced having known or discovered their loved ones thoughtfully attended to and completed the task of pre-planning and pre-paying their funeral arrangement. Imagine for a moment how these decisions might be made if never talked about or discussed. Prearrangements ensure that your wishes are carried out. It keeps your survivors from “emotionally over spending,” and from having to gather legal authorizations from numerous survivors at the time of need. It locks in the price and keeps the cost of your arrangements protected against inflation. And your money is fully protected and safe until we render services, at which time we are paid by the preneed trust or insurance vehicle that has secured your preneed funds. There are numerous advantages to prearranging your own funeral in advance. Contact us today for your free consultation.

FINANCIAL TERMS

AT-NEED: Payment for selected products and services, where a death has occurred, are due in full at the completion of the arrangement meeting. Payment options are cash, money order, certified check, or Visa, MasterCard, American Express and Discover credit cards, or any debit card with a Visa/Master Card logo on it. Due to the high rate of returned checks, we no longer accept checks for at-need service arrangements.

If you are wanting to pay for the services with an insurance policy, you may do so, as long as the insurance policy is verifiable and is in force beyond the contestable period at the time of death of the insured; AND is assignable by the beneficiary to Park View Cemetery & Funeral Home, at the time of the arrangements; and is free of liens. We utilize a third party for this process. There are additional fees for the assignment of an insurance policy. The beneficiary must be known. Such policies are acceptable as a guarantee of payment of the balance due, as long as the policy is processed and accepted by our third-party processor. This in no way relieves the beneficiary or purchaser of his/her obligation to pay should the insurance company fail to honor the policy or assignment. Interest will be charged after 30 days beyond the initial service agreement date.

PRE-NEED: Park View accepts preneed funds that, by law, must be placed in a trust or insurance for prearranged funeral arrangements. We are obligated to deposit said funds within 30 days of collecting them. We utilize Great Western Insurance Company and California Master Trust - for the holding of preneed funds, until services are rendered. We want our clients to understand the process and reasoning for the strict guidelines used in protection of their deposited funds. Park View cannot gain access to these funds until the individual has passed away, and a death certificate with verification is provided to the trust or insurance institution. Your funds are protected and safely deposited as required by California State Law. We also will accept preneed policies from other funeral establishments, and can often offer a significant savings to your family by doing so. If you have any comments, concerns, or questions, please call our office at 209-982-1611. Also, feel free to call California Master Trust directly at 1-800-322-4268; or Great Western Insurance at 866-689-1401.

ESTATE CLAIMS

It is the policy of Park View Cemetery & Funeral Home, that due to the average length of time, in excess of four (4) months (and up to 2 years) needed to obtain reimbursement of a claim against a decedents estate, estate claims are not considered an acceptable method of payment for service contracts. Estate claims may be filed by the next-of-kin or the person responsible for the service arrangements for reimbursement of funeral expenses.

GENERAL STATEMENT

The survivor of the decedent who is handling the funeral arrangements, or the responsible party, is entitled to receive, prior to the drafting of any contract, a copy of any agreement that has been signed and paid for, in full or in part, by or on behalf of the deceased, and that is in the possession of the funeral establishment. *All staff members of Park View strictly maintain family confidentiality and privacy.*

In 1916, the founders of Park View Cemetery began the tradition of conducting funeral and burial services within the grounds of Park View Cemetery, and today, into our 5th generation, our dedicated team members proudly carry on this family tradition.

Park View Cemetery & Funeral Home exudes the echo of life, in the songs of the birds, and the loveliness of nature all around. We invite you to walk throughout the Park, to feel for yourself something of the peace and serenity associated within this simple and beautiful country setting.

Park View Cemetery & Funeral Home, located on French Camp road near Hwy 99, has a dignified country atmosphere. Our chapel, located within the cemetery grounds, has seating arrangements to accommodate 75 guests, and room for others to stand. Caskets are placed reverently in the Chapel in full view, undisturbed, as the family and friends enter for visitation or funeral services. The funeral ceremony is a celebration of the loved one's life -- not their death.
